

Prevention Efforts in Indiana

Jennifer Kelley, MPH
Problem Gambling Prevention Specialist
Indiana Prevention Resource Center

Indiana Prevention Resource Center

- Established in 1987
- Affiliated with Indiana University School of Health, Physical Education, and Recreation

Indiana Prevention Resource Center

■ Funding

- Substance Abuse Prevention Treatment Block Grant (Federal dollars)
- Funds come through State of Indiana
 - 20% of funds from Feds must go to prevention
- Results in approximately 1.2 million dollars per year

Indiana Prevention Resource Center

Efforts of the past...

■ Scare Tactics

"IT'S ONLY BEER."

Beer contains alcohol.
Alcohol is a drug.

Alcohol is the
number one
drug problem in
this country.

Not marijuana. Not cocaine.

**Alcohol.
Get the point?" 27**

**"When some parents
crave their favorite drug,
they'll even use their
own kids to get it." 25**

Efforts of the past...

- “Just Say No!” campaign of the 1980s and early 1990s

Risk & Protective Factors

- Community
- Family
- Peer
- School
- Individual

Risk & Protective Factors

<i>Domain</i>	<i>Risk Factor</i>	<i>Substance Abuse</i>
Community		
	Availability of Drugs	*
	Community laws and norms favorable toward drug use, firearms, and crime	*
Family		
	Family history of problem behavior	*
	Favorable parental attitudes and involvement in the problem behavior	*
School		
	Academic failure in late elementary school	*
	Lack of commitment to school	*
Peer and Individual		
	Early and persistent antisocial behavior	*
	Rebelliousness	*
	Friends who engage in problem behavior	*
	Favorable attitudes toward problem behavior	*

Afternoons R.O.C.K. in Indiana

Afternoons R.O.C.K. in Indiana

- After school drug abuse prevention program
- Serves moderate risk youth
 - Ages 10-14
 - Grades 5th-8th
- Across the entire State of Indiana
 - Approximately 14,000 youth per year
- Began in 1996

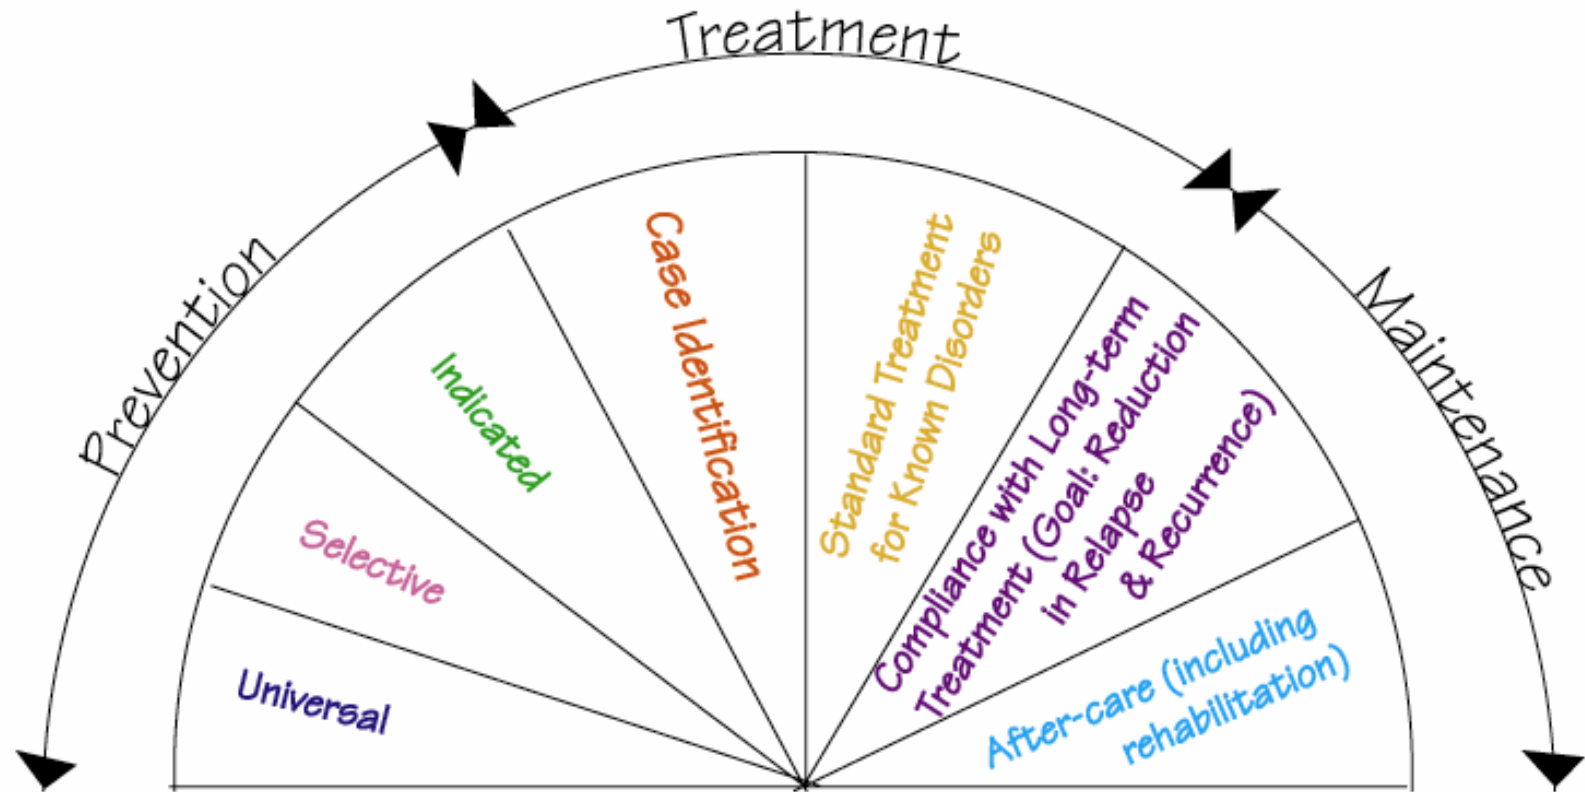

Afternoons R.O.C.K. in Indiana

- Technical assistance contractor
 - Limited capacity (technical expertise and technology) of state agency
 - IPRC prevention and evaluation consulting staff

Afternoons R.O.C.K. in Indiana

- How did it come to be?
 - ATOD survey indicated a need for prevention programming
 - Greatest need for 10-14 year olds in the after-school hours

Institute of Medicine's Continuum of Care

Afternoons R.O.C.K. in Indiana

- What type of prevention?
- Why?
- Is there a group within the general population that we are targeting?

NREPP – Evidenced-based curriculum

- SAMHSA (Substance Abuse Mental Health Services Administration)
- Searchable registry
- Provides
 - Descriptive information about the intervention and its targeted outcomes
 - Quality of Research and Readiness for Dissemination ratings
 - A list of studies and materials submitted for review
 - Contact information for the intervention developer

Afternoons R.O.C.K. in Indiana

- NREPP & Evidenced-based programs introduced in 2006
 - Project ALERT
 - All Stars
 - Positive Action
 - Too Good for Drugs and Violence

Afternoon R.O.C.K. in Indiana

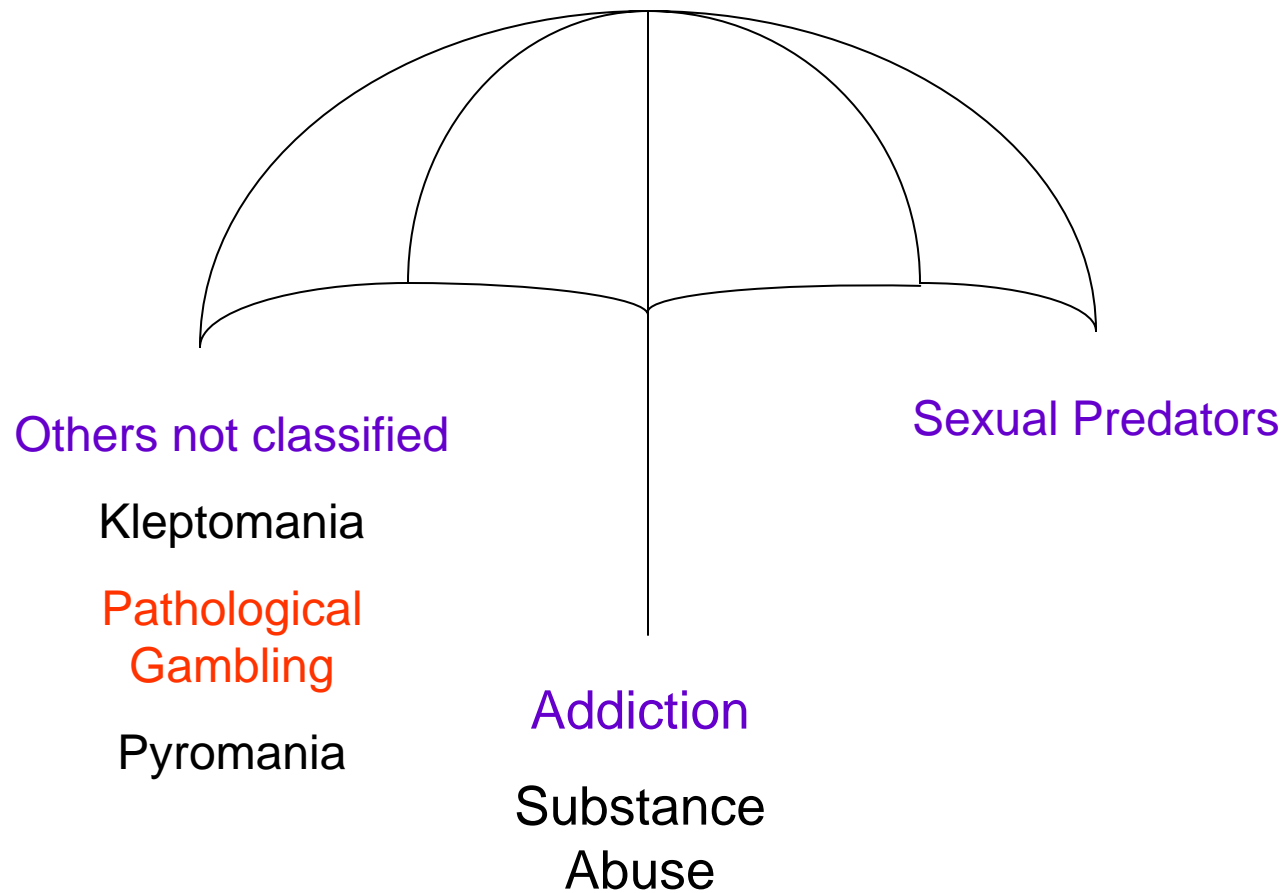

- Benefits of implementing Evidence-based curriculum
 - Structured lesson plans
 - Fidelity
 - Proven results

Problem Gambling

- Added in 2006
- Pre-tests indicated gambling behavior
- Similar risk factors as substance abuse behavior

Problem Gambling

Impulse Control Disorders

Afternoons R.O.C.K. in Indiana

- What is the program's worth?
 - Process (Program activities)
 - Proposals, enrollment/completion reports, site visits, fidelity instruments
 - Impact (Effect on drug use)
 - Pre/post survey
 - Outcome (effect on attitudes)
 - Perceived harm, peer disapproval

Tobacco Retailer Inspection Program

Tobacco Retailer Inspection Program

- What is TRIP and why do we need such a program?
 - SYNAR
 - Law enforcement
 - Reduce youth smoking rates

Tobacco Retailer Inspection Program

■ SYNAR Amendment

- Requires states to enforce laws prohibiting any manufacturer, retailer, or distributor from selling or distributing tobacco products to individuals under the age of 18
- Immediate goal: reduce the number of successful illegal purchases by minors
- Ultimate goal: State must maintain non-compliance rate lower than 20% or risk losing \$13+ million in federal block grant funding

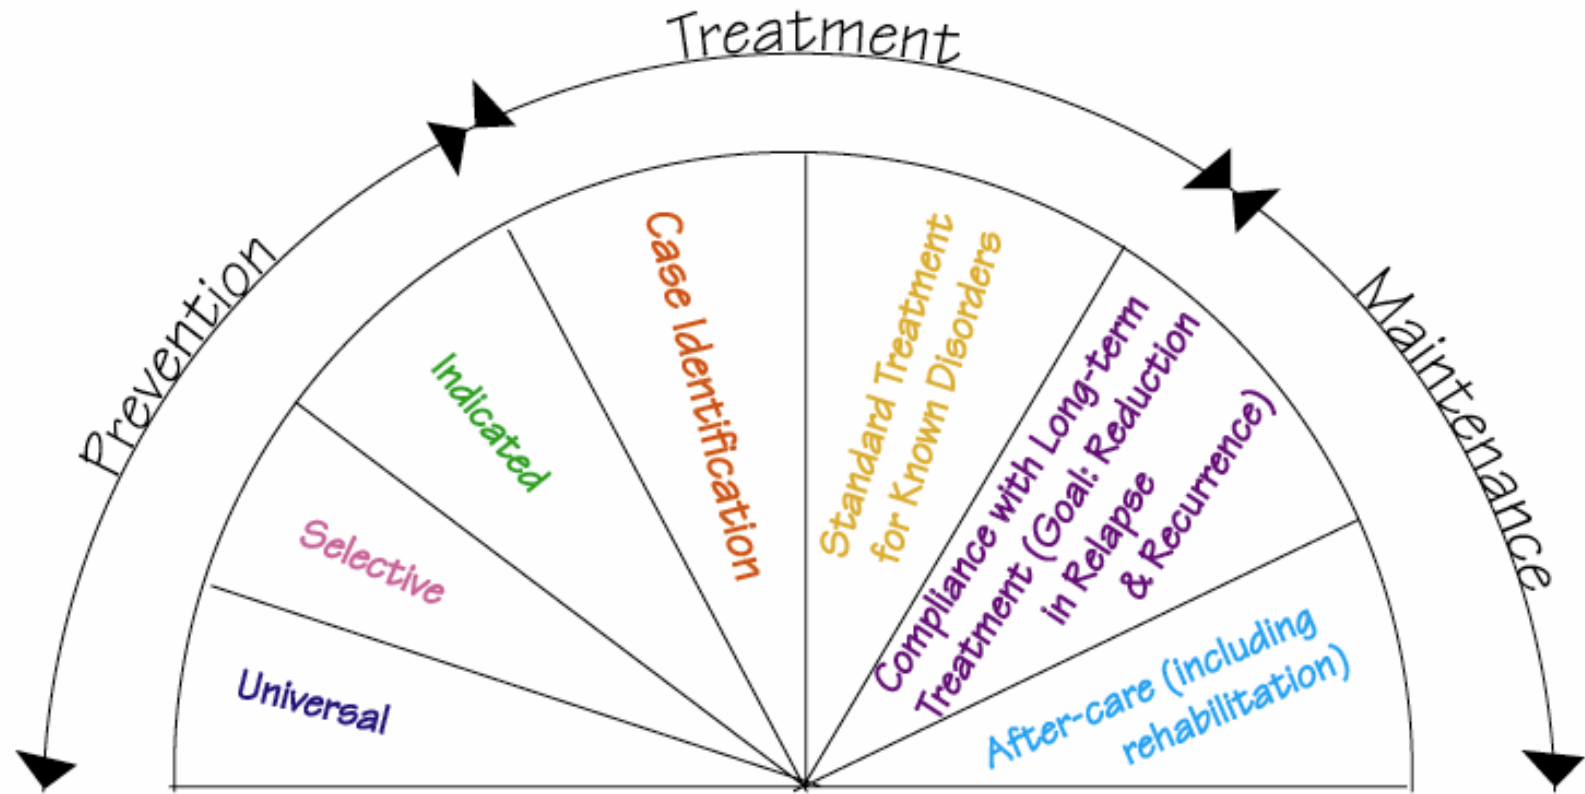

Tobacco Retailer Inspection Program

- Purpose: Enforce the laws restricting sales of tobacco to juveniles. Operated under authority of state law.
- Conducts random unannounced inspections of retailers.
- Systematically monitors the effectiveness of tobacco retail compliance.

Tobacco Retailer Inspection Program

- Funded from Indiana's share of the Master Tobacco Settlement through the Indiana Tobacco Prevention and Cessation Agency.
- State must maintain non-compliance rate lower than 20% or risk losing \$13+ million in federal block grant funding.
- Since 2000, TRIP has conducted over 20,000 inspections of retail outlets across the state.

Institute of Medicine's Continuum of Care

Tobacco Retailer Inspection Program

- What type of prevention?
- Why?
- Hint: Are we serving an entire population?

Tobacco Retailer Inspection Program

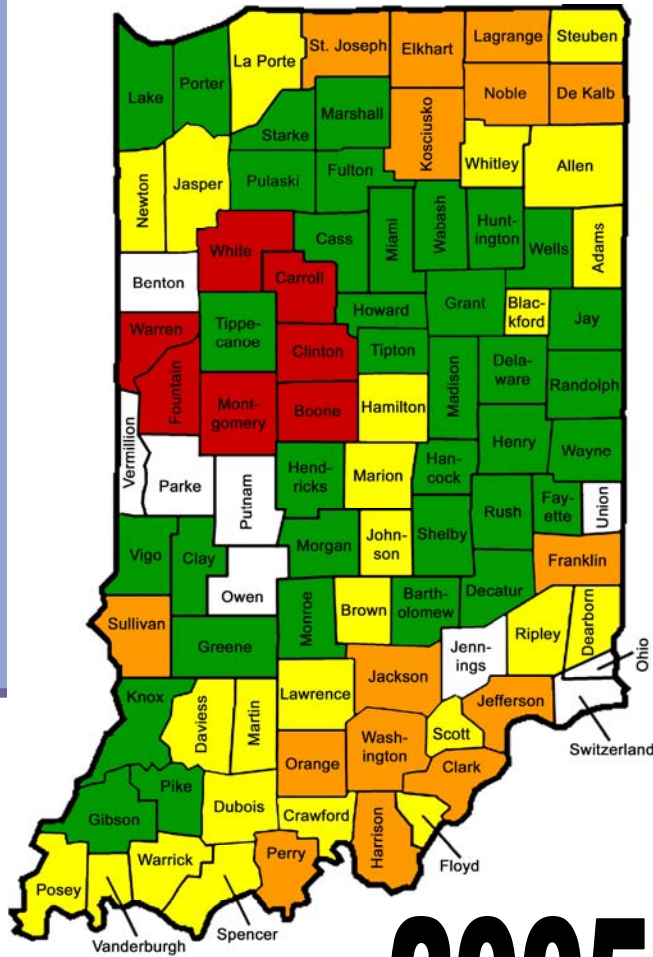

- Logistical and administrative support
 - Maintaining lists of tobacco retailers
 - Processing of inspection reports
 - Statistical analysis of inspection results
 - Preparing training materials

- Education and media awareness
 - Retailer educational materials
 - Press releases
 - Conference Display
 - Presentations

Tobacco Retailer Inspection Program

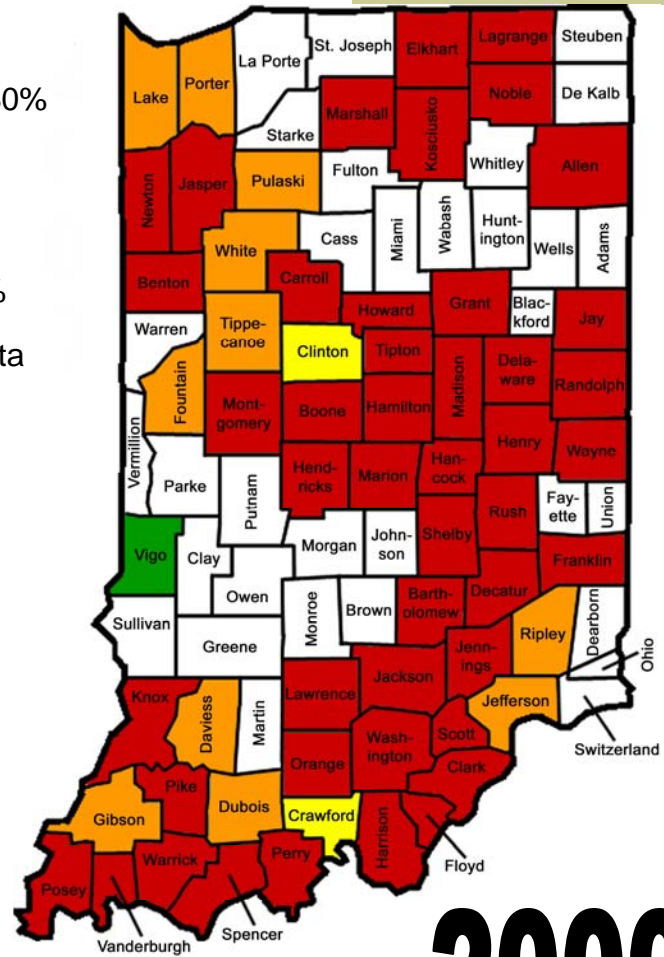

- What is the program's worth?
 - Analyze project results and identify patterns of violations of youth access to tobacco laws.
 - Develop models to predict which categories of retailers are most likely to be compliant or non-compliant with these laws.

Tobacco Retailer Inspection Program

2005

- Greater than 30%
- 20% to 29%
- 10% to 19%
- Less than 10%
- Insufficient Data

2000
