

# Indiana Youth Gambling Behavior

Findings from the Indiana Prevention Resource  
Center, Annual Survey 2017

---

## Introduction

---

The following report contains data on adolescent gambling behavior reported by adolescents through the Annual Survey of Alcohol, Tobacco and Other Drug Use by Indiana Children and Adolescents, conducted by the Indiana Prevention Resource Center at Indiana University Bloomington. This survey is a self-report instrument for students in grades six through twelve. The survey is undertaken annually by the Indiana Prevention Resource Center and is used by state agencies, counties, schools and communities in Indiana to monitor the incidence and prevalence of adolescent problem behaviors and the environmental factors that put children at risk or protect them from developing those behaviors.

As gambling options and venues in the state expand, monitoring the prevalence of gambling activities among children and adolescents is increasingly important for planning prevention efforts. All gambling-related questions asked about behavior and experiences in the past year. The Indiana Youth Survey included questions about playing cards, betting on games, betting on sports, buying lottery tickets, gambling in a casino, and playing online for money.

## Gambling Behavior

---

The gambling section now contains a brief explanatory introduction, which reads: “Gambling is playing a game in an attempt to win money (any amount) or something of value (like a video game, bike, iPod). You could gamble on a game or an event. Gambling means you don’t know if you will win or lose.” The first question asked: “During the past 12 months, how often have you bet/ gambled for money or valuables in the following ways? Gambling can be done in a variety of settings, including with family and friends.” The forms of gambling 33 Report that were referred to in the survey are indicated in Table 19. The prevalence of many types of gambling was higher in younger grades than in older grades, or was relatively flat across grade levels. For instance, the prevalence rates of personal games of skill, sports, Bingo, and personal challenges were either higher for younger grades (e.g., 7th, 8th, 9th) compared to older grades or were relatively uniform across grades. The prevalence of card games, however, was lower for 7th grade and higher for older grades. Further, the survey identified a sharp increase in lottery gambling among students in 12th grade, who are more likely to be legally able to purchase lottery tickets. Interestingly, the prevalence rates for most forms of gambling were higher for students in 8th grade than for students in any other grade; this pattern was also observed in the 2016 Indiana Youth Survey.

Table 19. Gambling behavior by Indiana adolescents in the past year (percentages)

	Grade					
	7	8	9	10	11	12
Card games	13.9	16.1	15.4	15.2	15.7	16.1
Personal games of skill	26.3	27.3	23.7	22.5	20.3	19.9
Sports	19.7	20.9	19.6	17.4	17.5	16.9
Lottery	9.9	10.4	10.0	9.1	9.7	19.5
Bingo	11.5	10.2	8.7	7.2	6.4	6.4
Online gambling	5.1	5.5	5.4	4.6	4.4	4.4

Gambled in other ways	12.0	14.2	13.1	12.5	11.8	12.3

It is possible to determine the overall prevalence of gambling behavior using the responses to this question. A student who reported having bet/gambled money in at least one way during the past 12 months was considered to have gambled. Prevalence rates of past-year gambling among 7th- to 12th-grade students ranged from a low of 35.5% (11th grade) to a high of 46.6% (8th grade).

## Consequences of Gambling

The second question asked: “How often have you experienced the following consequences due to your gambling?” The types of consequences listed in the survey are indicated in Table 20. The prevalence rates for each type of gambling-related consequence were fairly flat across grade levels, with small amounts of variation; in general, students in 8th and 12th grade experienced each consequence the most frequently.

### **Hoosier Lottery**

The Hoosier Lottery is operated by the State of Indiana. On November 8, 1988, Indiana voters approved a lottery referendum by 62 percent. On May 3, 1989, the Indiana General Assembly ratified the Lottery Act, and a week later the governor signed the Lottery Act into law. In June 1989 a Lottery director was appointed, and in July the Lottery Commission was appointed. On October 13, 1989, instant, or scratch-off, ticket sales began at 12:10 P.M. More information on the Hoosier Lottery is available at:

### **Horse Tracks**

Indiana has two horse racing tracks, Hoosier Park and Indiana Downs. Hoosier Park Racing and Casino in Anderson opened its horse track on September 1, 1994, and the Indiana Downs horse track in Shelbyville opened on December 6, 2002. Regulation and oversight of horse racing in Indiana is the responsibility of the Indiana Horse Racing Commission. [www.in.gov/ihrc](http://www.in.gov/ihrc)

### **Off-Track Horse Betting Parlors**

Off-track horse betting parlors are located in five Indiana cities. Those in Fort Wayne, Indianapolis, and Merrillville opened in 1995 and are operated by Churchill Downs, which also owns Hoosier Park Racing and Casino. Indiana Downs operates two off-track betting facilities located in Evansville (2003) and Clarksville (2004). Regulation and oversight of these sites is the responsibility of the Indiana Horse Racing Commission. [www.in.gov/ihrc](http://www.in.gov/ihrc)

### **Casino Gaming**

The Indiana Riverboat Gaming Act was passed on July 1, 1993, allowing riverboat gaming in Indiana. This legislation allowed for ten riverboats. The first of these ten casinos opened in 1995. In 2004, legislation was enacted that allowed a riverboat in French Lick. Regulation and oversight of casino gaming is the responsibility of the Indiana Gaming Commission. A list of other riverboat casinos in Indiana and additional information is available at [www.in.gov/igc](http://www.in.gov/igc).

### **Charitable Gaming**

Charity gaming is allowed in Indiana but only by specific types of organizations. It is defined by 68 IAC 21. A bona fide religious, educational, senior citizen, veterans, or civic organization operating in Indiana that: operates without profit to the organization's members; is exempt from taxation under Section 501 of the Internal Revenue Code; and has been continuously in existence in Indiana for at least five (5) years or a bona fide political organization operating in Indiana that produces exempt function income (as defined in Section 527 of the Internal Revenue Code) can provide charity gaming in the form of bingo games, raffles, door prizes, pull-tabs, punchboards, tip boards, charity game nights, festivals, and special bingo events. Approval from the Indiana Gaming Commission is required unless the total value of all

prizes awarded at the event (including the sale of pull-tabs, punchboards, and tip boards sold at the event) is not more than \$1,000 for a single event and not more than \$3,000 total for all non-licensed events during a calendar year. Regulation and oversight of charitable gaming was the responsibility of the Indiana Department of Revenue prior to July 1, 2006, at which time 2006 legislation transferred responsibility to the Indiana Gaming Commission.
